👤 PROFILE

MCA graduate with skills in Java, Python, SQL, React.js, and Node.js. Experienced in developing full-stack web applications, REST APIs, and database-driven solutions through academic and personal projects. Strong problem-solving abilities and a passion for building scalable software solutions. Seeking a Software Developer opportunity to contribute and grow in a professional environment.

🎓 EDUCATION

Master of Computer Applications (MCA) 2023 – 2025
University of Mumbai Virar, India

Bachelor of Science in Information Technology (B.Sc. IT) 2019 – 2022
University of Mumbai Virar, India

🧠 SKILLS

- **Programming Languages:** Java, Python, JavaScript, SQL, HTML, CSS
- **Frontend Technologies:** React.js, Bootstrap, Tailwind CSS
- **Backend Technologies:** Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, Postman, VS Code, Android Studio

📁 PROJECTS

Personal Portfolio Website [🔗](#)

Tech: React, Node.js, Express, MongoDB, TailwindCSS

- Developed a full-stack portfolio with authentication, project management, and contact form.
- Implemented REST APIs and deployed using Vercel and Render.

Weather App (Python + OpenWeather API) [🔗](#)

- Developed a Python desktop app displaying real-time weather using OpenWeather API.
- Features: Dynamic UI updates, API error handling, and user input validation.
- GitHub: Weather App

Event Booking System

Tech: React.js, Node.js, Express.js, MySQL

- Developed a web application for event registration and booking management.
- Implemented user authentication, event listings, and database-driven booking functionality.
- Integrated MySQL for secure data storage and responsive UI for improved user experience.

📜 CERTIFICATES

- Java: Complete Java Core-Udemy [🔗](#)
- React - Complete Developer Course with Hands-On Projects [🔗](#)
- Python Programming Mastery: From Beginner to Pro [🔗](#)
